SCANNED PAPER TITLE

Page 1

This is a scanned document about graph neural networks.

The experiment reports accuracy of 0.91 on the benchmark.

Deep learning models improve performance on citation networks.

SCANNED PAPER TITLE

Page 2

This is a scanned document about graph neural networks.

The experiment reports accuracy of 0.91 on the benchmark.

Deep learning models improve performance on citation networks.

SCANNED PAPER TITLE

Page 3

This is a scanned document about graph neural networks.

The experiment reports accuracy of 0.91 on the benchmark.

Deep learning models improve performance on citation networks.
